2 Accounting policies

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 “The Financial Reporting Standard applicable in the UK and Republic of Ireland” including the provisions of Section 1A “Small Entities” and the Companies Act 2006. The financial statements have been prepared under the historic cost convention.

Going concern

In preparing these financial statements, the directors have assessed whether there are any material uncertainties related to events or conditions that cast significant doubt upon the company’s ability to continue as a going concern. In making this assessment, the directors take into account all available information about the future which is at least 12 months from the date that the financial statements are authorised for issue.

The directors consider that the company has adequate resources to continue in business for the foreseeable future and that it is appropriate to adopt the going concern basis in preparing the financial statements.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, Value Added Tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Plant and machinery etc.:

Property improvements	-	10% reducing balance
Fixtures and fittings	-	15% reducing balance
Office equipment	-	33% reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

2 Accounting policies - continued

Taxation

Taxation for the year comprises current and deferred taxation. Tax is recognised in the Profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that been enacted or substantively enacted by the balance sheet date and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probably that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit and loss in the period to which they relate.

3 Average number of employees

During the year the average number of employees was 9 (2025 - 7).
