For the year ending 31 May 2026 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The company has taken advantage of section 444(1) of the Companies Act 2006 and opted not to deliver to the registrar a copy of the company's Profit and Loss Account.

On behalf of the board

Peter Spargo

Director
22 September 2026

The notes on pages 3 to 5 form part of these financial statements.

1. General Information

Alan Spargo Limited is a private company, limited by shares, incorporated in England & Wales, registered number 01212214 . The registered office is Coronation Road, Cressex Business Park, High Wycombe, Buckinghamshire, HP12 3TA.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 section 1A Small Entities "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006.

2.2. Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Sale of goods

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods has transferred to the buyer. This is usually at the point that the customer has signed for the delivery of the goods.

Rendering of services

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs. Turnover is only recognised to the extent of recoverable expenses when the outcome of a contract cannot be estimated reliably.

2.3. Tangible Fixed Assets and Depreciation

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Leasehold	1% on cost
Plant & Machinery	15% on cost
Motor Vehicles	20% on cost
Fixtures & Fittings	20% on cost

2.4. Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work-in-progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses.

2.5. Foreign Currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

2.6. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.
The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.
Deferred tax is recognised on timing differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable timing differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible timing differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

...CONTINUED

3. **Average Number of Employees**

Average number of employees, including directors, during the year was 12 (2025: 12)

4. **Tangible Assets**

	Land & Property Leasehold	Plant & Machinery	Motor Vehicles	Fixtures & Fittings	Total
	£	£	£	£	£
Cost

As at 1 June 2025	335,215	56,593	-	19,074	410,882

2.6. **Taxation - continued**

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. The measurement of deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in profit or loss for the year, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case current and deferred tax are recognised in other comprehensive income or directly in equity respectively.

5. **Stocks**

	2026	2025 as restated
	£	£
Work in progress	455,440	312,883

6. **Debtors**

	2026	2025 as restated
	£	£
Due within one year		
Trade debtors	616,023	408,263
Prepayments and accrued income	230,483	63,760
Other debtors	44,423	-
	890,929	472,023

7. **Creditors: Amounts Falling Due Within One Year**

	2026	2025 as restated
	£	£
Trade creditors	164,320	131,080
Taxes and social security	289,007	267,677
Other creditors	8,498	7,298
Accruals and deferred income	232,609	97,316
	694,434	503,371

8. **Share Capital**

	2026	2025 as restated
	£	£
Allotted, Called up and fully paid	980	980

Due to a restatement of the prior year's capital and reserves, no share premium account is reported.

9. **Directors Advances, Credits and Guarantees**

During the year, the company declared dividends of £750,000.
Included in other creditors is £288 (2025: £332) due to a director. Also included in other creditors is £312 (2025: £nil) due to another director.
The above loan is unsecured, interest free and repayable on demand.

10. **Restatement of prior year**

The profit and loss account for the year ended 31 May 2025 and the balance sheet as at that date have been restated in these financial statements. The restatement of the profit and loss account relates to the correction of the presentation of certain Research & Development Expenditure Credits. The restatement has resulted in an increase to the reported other operating income of £104,649 and an increase to the corporation tax charge of £104,649. The adjustment has no impact on the previously reported profit after tax for the year to 31 May 2025 or the shareholders' funds as at that date.

A further restatement has been made to the presentation of certain reserves noted on the balance sheet as at 31 May 2025. The adjustment relates to the correction of a share premium balance. The impact of the restatement is to reduce the previously reported retained profit and loss reserves at 31 May 2025 by £5,500 and reduced the share premium by that same amount, such that the share premium is £nil. The adjustment has no impact on the previously reported profit after tax for the year to 31 May 2025 or the shareholders' funds as at that date.

A further restatement has been included on the balance sheet at 31 May 2025 to more appropriately present the company's work-in-progress within stocks on the balance sheet. These had previously been presented within debtors on the balance sheet. The adjustment has no impact on the previously reported profit after tax for the year to 31 May 2025 or the shareholders' funds as at that date.
